- Circle how you would rate your level of computer expertise:
None Limited Moderate Extensive Very Extensive

8. Circle how much computer training you have had in the past:

None Limited Moderate Extensive Very Extensive

I. Written Response

1. Briefly describe what you are currently using technology/computers for in your classroom. In addition, list what software programs you and your students use most frequently.

Teachers applying for the Louisiana Department of Education Louisiana INTECH program must

agree to:
Attend 5 training sessions (Hours are from 8:30 a.m. – 4:00 p.m. for all dates).

Attend a 2 day Re-delivery training session.

Critically examine his/her own instructional practices to determine how technology can play a role in enhancing the teaching and learning process.

Implement technology projects and activities developed during the training program, the summer, and the 1999-2000 school year.

Develop a re-delivery plan for his/her school faculty.

Please sign below to indicate your agreement with and commitment to this program.
